RE: Support of Proposed Amendments to the Regulation for Small Containers of Automotive Refrigerant.

Dear Chair Nichols:

To protect public health and environmental quality, the California Product Stewardship Council (CPSC) supports the California Air Resources Board's (ARB) staff efforts to develop clear and well thought out proposed amendments to the current Regulations for Small Containers of Automotive Refrigerant. **The ARB staff have been thorough in the report and rationale for the proposed changes and we support the ARB Board's adoption of the proposed amendments.**

Sincerely,

Heidi Sanborn
Director, California Product Stewardship Council
